RE: **MARCH 2025 FINANCIAL HIGHLIGHTS**

Executive Summary

General Fund revenues totaled \$1.25 million for the month of March and \$31.87 million year to date. At 81% of budgeted annual revenues, total revenue is \$1.9 million higher than last year or +6.4%. Again, this increase in revenue continues to be mainly attributable to the growth in enrollment with the new tuition and fee rate as well as the increase in State General Aid. General Fund expenditures totaled \$3.59 million for the month and \$28.06 million year to date, which is 71% of the annual budget. As a result, the College financial position exceeds that of the previous year with an increase in the fund balance change from the prior year of \$2.6 million.

Restricted Fund activity for the month consisted of routine New Jobs Training Program and grant transactions. Other transactions for the month of March were routine and as expected for the month.

Plant Fund property tax revenue increased \$55K from the prior month. As you will recall, April will include the second installment of property taxes, the primary source of Plant Fund revenue. Expenditures increased \$539K mainly related to equipment and facility improvement projects.

Auxiliary Enterprise operations monthly revenues increased \$459K with \$260K attributable to the bookstore operation. Overall, the Auxiliary operations in March show a decrease in the fund balance change from the prior year of \$411K.

Cash and investments on a consolidated basis decreased \$1.2 million for a total of \$40.2 million at March 31, 2025. The College's investment portfolio's overall yield at 3.86% was virtually unchanged from the 3.87% of the previous month.

Subject: Le Mars Center and Northern Service Area Update

Date: April 14, 2025

The Western Iowa Tech Le Mars Center offers regular programming including weekly English as a Second Language (ESL) classes. Additionally, WIT's Corporate College conducts specialized training programs for local businesses and non-profit organizations both in the Le Mars facility and throughout the Northern Service Area. WIT also maintains a strong partnership with Le Mars Community Schools, playing a vital role in the local education system.

ESL Classes at the Le Mars Center

WIT's English as a Second Language (ESL) program provides two different skill levels of English instruction at the Le Mars Center. Classes meet Tuesdays and Thursdays from 5:30 – 8:30 pm and will continue through June 30. Fall ESL registration will begin with new student testing mid-August.

ESL Instructors are also able to work with Le Mars individuals with advanced-level English skills via Zoom to provide flexible learning options and accommodate a variety of abilities. These Zoom students first practice using the virtual platform together with their instructors at the Le Mars Center to ensure they are set up for success.

To recruit new students, the ESL program collaborates with the Le Mars Public School System and the Le Mars Public Library and relies on word-of-mouth referrals to expand its reach.

Economic Development & Employee Training Initiatives

Over the past fiscal year, WIT’s Corporate College Small Business Development Center has served 29 clients in Plymouth County, providing over 66 hours of assistance and supporting one new business start. In Cherokee County, the center has worked with 31 clients for nearly 40 hours, resulting in 11 new jobs created. WIT Corporate College representatives recently presented at a Cherokee Rotary Club meeting to highlight these initiatives.

Since July 1, 2024, WIT’s Corporate College has provided various employee training opportunities through:

- Iowa Jobs Training (260F) Program—Training existing employees at Wells, Langels, and SmithCo in Plymouth County and at AgState in Cherokee County.
- Accelerated Career Education (ACE, 260G)—Offered at Cherokee Regional Medical Center.
- Iowa New Jobs Training (260E) Program—Conducted in Cherokee for Lopez Foods.

Additionally, the following workforce development programs have been implemented:

- Leadership classes at Wells and SmithCo in Plymouth County.
- Economic Development trainings in Cherokee County.
- Industrial Maintenance courses for Wells at the Le Mars Center, available in both day and evening formats.
- A wide variety of computer trainings for Wells employees.
- CDL assessments for AgState in Cherokee County.

High School Partnerships

The Le Mars Community Schools lead Northern Service Area partner schools in concurrent enrollment numbers. The top two Spring 2025 semester enrollment figures are as follows:

High School	Students Enrolled	Credit Hours
Le Mars	270	1,696
Cherokee	113	760

Additionally, Le Mars Community Schools are expanding their Career & Technical Educational (CTE) offerings. A new partnership with Floyd Valley Hospital will provide courses in:

HSC 109-Health Careers & Teams, HSC 114-Medical Terminology, HSC 143-Pharmacology

Meanwhile in Cherokee Community Schools, WIT’s team is actively developing new course pathways and re-evaluating credentialing to introduce additional WIT courses for Fall 2025. Students and teachers are looking forward to these expanded opportunities for dual enrollment.

 RE: Department of Opportunity and Engagement Annual Report - February 2024 – March 2025

At the heart of the Office of Opportunity and Engagement is the College's mission:

"We elevate our diverse learners and strengthen our communities through inclusive and innovative education."

Over the past year, this mission has guided our work across internal operations, student and staff programming, external partnerships, and professional development. The department and its affiliated teams have driven inclusive engagement and forward-thinking initiatives that foster learning, opportunity, and community connection. T

Internal Accomplishments and Milestones: A snapshot of accomplishments and milestones within the campus community, in the spirit of elevating "our diverse learners."

Programmatic & Operational Milestones

- **Cherokee TRIO-SSS** launched new procedures that successfully boosted enrollment of eligible students to record high.
- **TRIO-SSS Grant Preparation:** The team worked closely with Dr. Volk to complete comprehensive proposals for both Sioux City and Branch campuses to ensure program continuity and enhancement.
- **Constitution Day** was held on September 17, 2024. Titled "The People's Power: First Amendment and Voting Rights" excitedly hosted the

American Civil Liberties Union, a nonpartisan non-profit, and Democratic and Republican constituents.

Events and Engagements

- **Esports Festival** – A dynamic, collaborative, and well-attended campus-wide event led by Kathy Lehmann, highlighting student engagement through competitive gaming. Students, teachers, and coaches from 15 area high schools attended.
- **Evening Reception Expansion** – For the first time, the *Evening Reception for Graduates* was held in Denison and Cherokee, expanding access and celebration of student achievements.

Strategic Committees Formed

- **Rural Learners Committee** was established to address rural student access, leadership development, and bridge-building across services and programs. The five focus areas of this committee are: Access, Belonging + Wellness, College + Career Trajectory, Community Partnerships and Funding. Listening sessions will be held throughout our six-county service area to better engage our rural communities and encourage direct stakeholder feedback.

Leadership & Development Initiatives

- **Comet CLASS** welcomed its largest class yet of student leaders; 18 students. Led by Jennifer McCune, Comet CLASS student leaders presented the positive impacts of student leadership and belonging on campus at Community Colleges for Iowa Annual conference.
- **Manager's Sessions** supported student success and staff professional growth through a capstone project. The capstone project was facilitated through cross departmental pairings, resulting in over 20 initiatives for the campus community.
- **ACE** held DACUMs for Mechanical Engineering and Networking programs

External Collaborations & Community Engagement: A snapshot of accomplishments and milestones with external community partners, in the spirit of “*strengthening our communities.*”

Community Engagement:

- WITCC partnered with **Siouxland Asian Fest** and held a **Back-to-School Event** which offered inclusive cultural and family-friendly community outreach.
- **Immigrant Business Tour**, an inaugural event part of Unity in Action's *Celebrando Siouxland*, brought together various departments of the college and provided visibility and support to various immigrant entrepreneurs, many of which are WITCC Alums.
- **South Sioux City Alumni Soccer Tournament** engaged alumni returning from across the country, many whom were WITCC alumni. WITCC was the only college partner in this event. Two scholarships were awarded scholarships, both to WITCC students.

Partnership Projects:

- **KWIT Umó'ho' (Omaha) Project** showcased Umó'ho' voices and perspectives through public radio collaboration. This program was made possible through a humanities grant focused on language preservation. The Umó'ho' language is critically endangered, with less than 15 native speakers remaining.
- **Iowa Law Enforcement Academy (ILEA)** invited Revathi Vongsiprasom to witness and attend training sessions held by the Academy. Vongsiprasom was able to meet with many WITCC police science graduates, some who will be serving in our six-county service area. Future conversations will be held to continue strengthening the partnership between ILEA and WITCC.
- **Innovation Center**, a collaborative project between KWIT-KOJI, WITCC, City of Sioux City, and Iowa West Coast Initiatives is off to a booming start. A building has been secured in downtown Sioux City and architectural plans have been finalized.

Conclusion

Through active engagement with our stakeholders, intentional programming, strategic partnerships, and targeted professional development, the Department of Opportunity and Engagement has continued to facilitate the college's mission.

“Hazing” means any intentional, knowing, or reckless act committed by a person, or in concert with others, against another *regardless of their willingness to participate* that:

- (1) Is committed in the course of initiation into, affiliation with, or the maintenance of membership in, a student organization; and
- (2) Causes or creates an unreasonable risk of physical or psychological injury, including any activity which places another person in reasonable fear of bodily harm through the use of threatening words or conduct and any activity that includes, induces, causes, or requires another person to perform a criminal violation of state or federal law.

This includes whipping, beating, striking, electronic shocking, or placing a harmful substance on someone’s body. It includes causing, coercing, or otherwise inducing: sleep deprivation; exposure to the elements; confinement in a small space; extreme exercise; consuming food, liquid (including alcohol), drugs, or other substances; or the performance of sexual acts.

Reporting Hazing and Investigations

All forms of hazing must be reported to the Dean of Students, Title IX Coordinator, or other College administrator. If any campus official or employee such as a coach, sponsor, adviser, or residence life staff member receives a report or becomes aware of an alleged hazing incident, they should report it to one of the afore-mentioned College administrators.

All allegations of hazing will be taken seriously and investigated. Allegations against students and/or student organizations will be handled under the Student Code of Conduct policies and procedures. Any allegations against faculty or staff will be investigated and handled under applicable employee policies, procedures, and law.

Consequences for founded incidents of hazing can include discipline up to and including suspension or expulsion for students, serious sanctions for student organizations, and termination of employees.

Allegations of hazing may also be reported to law enforcement for criminal investigation.

Clery Act Statistical Reporting and Stop Campus Hazing Act Transparency Report

In accordance with the Clery Act, statistical information on hazing incidents within the College's Clery geography are included in the Annual Security Report which is distributed to the campus community each year on or before October 1st.

WITCC will also collect information on hazing incidents involving established or recognized student organizations and publish a Campus Hazing Transparency Report on its website, if there are violations to report, in accordance with the Stop Campus Hazing Act. If there are violations, the College will update the Transparency Report at least twice a year with the following information:

- A statement notifying the public of the annual availability of the College's hazing statistics in the Annual Security Report;
- Information about this Policy and Iowa's hazing law; and
- For each period of time since the last update, the following information about each finding of responsibility for a hazing violation against a student organization:
 - The name of the student organization;
 - A general description of the hazing violation that resulted in a finding of responsibility, including whether the violation involved the abuse or illegal use of alcohol or drugs;
 - The findings of the institution, and any sanctions placed on the student organization by the institution, as applicable;
 - The dates on which the hazing was alleged to have occurred, when the investigation was initiated and ended, and when the student organization was noticed of the violation.

Neither the statistical information in the Annual Security Report nor the Campus Hazing Transparency Report will include any student's personally identifiable information, as defined by the Family Educational Rights and Privacy Act ("FERPA"). Past Transparency Reports will be maintained by WITCC for at least five ("5") calendar years from the date of publication.

Iowa Law on Hazing

In addition to this Policy, hazing is also prohibited under Iowa criminal law. Iowa Code § 708.10 defines hazing as any intentional or reckless act involving forced activity that endangers the physical health or safety of a student, carried out for the purpose of initiation into, admission to, or affiliation with any organization operating in connection with the College—regardless of the student's willingness to participate.

"Forced activity" includes any physical brutality, such as whipping, forced confinement, or other acts that pose a threat to a student's health and safety.

Under Iowa law, hazing is a simple misdemeanor. However, if the hazing results in serious bodily injury, it is classified as a serious misdemeanor.

Title	General Organization and Operation
	Emergencies

The policies of the Board are intended to provide guidance for the conduct of the affairs of the College under normal operating conditions. When there is an emergency, the Board and the Administration may need to act in a manner which is not consistent with or not in compliance with one or more of these policies. The Board reserves the right to respond to an emergency by suspending any of its policies. This policy establishes the procedures which will be followed by the Board if the Board determines that there is an emergency.

If the President of the Board or a majority of the members of the Board believe that there is an emergency which may require action by the College which is not consistent with or not in compliance with one or more Board policies, then a special meeting of the Board will be called after providing as much public notice as is practicable under the circumstances. If the President of the College believes that there is an emergency which may require action by the College which is not consistent with or not in compliance with one or more Board policies, then the President shall immediately contact the Board President or a majority of the members of the Board and request that a special meeting of the Board be held.

The special meeting of the Board may be held telephonically, provided that the Board complies with the provisions of Iowa Code Section 21.8.

At the special meeting of the Board, the Board shall determine whether an emergency exists, and if so, which Board policy or policies should be suspended.

For purposes of this policy, the term "emergency" shall mean an unforeseen event, combination of circumstances, or the resulting conditions that call for immediate action. The term "emergency" includes, but is not limited to, the following: storm, tornado, blizzard, drought, flood or water damage, earthquake or earth movement, extreme heat or cold, fire, explosion, utility failure, computer failure, damage to or destruction of a building, epidemic, quarantine, health emergency, nuclear contamination, pollution, war, strike, criminal acts, and freezing, reduction or loss of funds. Notwithstanding the definition and general description of "emergency" contained in this policy, the determination of whether an emergency exists shall be within the sole and exclusive discretion of the Board.

If the Board determines that an emergency exists, it shall then determine which Board policy or policies will be suspended. When the Board decides to suspend a policy, the Board shall state the period of time during which the policy will be suspended and shall establish the terms of a replacement policy, if any, which will remain in effect until the period of time set by the Board has elapsed. The period of time during which a policy is suspended may be lengthened or shortened by the Board at a regular or special meeting of the Board. If a policy is suspended, the suspension shall take effect immediately, unless the Board specifies otherwise. When a policy is suspended, the Board shall provide notice of the suspension and of the replacement policy, if any, by one publication in a newspaper which is general circulation in the merged area.

RE: **WITCC RING ROAD PAVING IMPROVEMENTS PROJECT**

A public hearing was held at the January 13, 2025 Western Iowa Tech Community College Board of Director's meeting for the proposed WITCC Ring Road Paving Improvements Project. The College has worked with Bryan Wells of DGR Engineering to plan the project to replace a portion of the roadway near parking lot 2 due to the deteriorating asphalt. The College will also need to install a storm drain under this section of the road. Funding for this project will be come from a combination of Road Funds coming from the state of Iowa of \$230,000.00 and the remainder from the Plant Fund.

Western Iowa Tech Community College has ACE agreements in place with local businesses to provide an enhanced skilled workforce in the areas of Truck Driving and Nursing.

Development:

Western Iowa Tech Community College in partnership with Knife River Midwest, LLC. will be expanding the current credit Truck Driving Program.

Section 5.2. Whenever an event of default shall have happened and is not cured as provided above, Western Iowa Tech Community College may, without notice to Employer, terminate this Agreement. In addition, Western Iowa Tech Community College may take whatever other action at law or in equity may appear necessary or desirable to collect the payments due and other amounts then due and thereafter to become due under this Agreement and to enforce performance and observance of any other obligation or agreement of Employer under this Agreement.

Section 5.3. No remedy conferred upon or reserved to Western Iowa Tech Community College by this Agreement is intended to be exclusive of any other available remedy or remedies, but each and every such remedy shall be cumulative and shall be in addition to every other remedy now or hereafter existing at law, in equity or by statute. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient. In order to entitle Western Iowa Tech Community College to exercise any remedy reserved to it in this Article, it shall not be necessary to give any notice, other than such notice as may be expressly required herein, nor shall it be necessary to make any declaration of an event of default other than such declaration as may be expressly required herein.

Section 5.4. In the event any provision contained in this Agreement should be breached by either party and thereafter waived by the other party, such waiver shall be limited to the particular breach so waived and shall not be deemed to be a waiver of any other breach hereunder.

Section 5.5. Employer may decline to satisfy any provisions in this Agreement relating to Subsection 4.2(e) and Subsection 4.2(f) of this Agreement if Employer experiences an economic downturn. For purposes of this Section, "economic downturn" includes a layoff of existing employees, reduced employment levels, increased inventories, or reduced sales.
